

Alan Armijo, Power Partners USA

At Power Partners USA, we **INTRODUCE** our clients to other professionals who can provide them repeat, referral business or who can collaborate with them on projects.

We use an interactive, introductory video to help our clients make Power Partner connections in their target market. The video "puts a face on their B2B business and provides the viewer insight into their company and services.

Our introductions lead to new business among Power Partners and long term business relationships.

Power Partners USA is Connecting B2B Professionals in Accounting, Legal, Financial, Marketing, Real Estate, Insurance, Technology and More...
